Applying for your Director Identification Number (DIN)

All new trustee directors must apply for their Director Identification Number (DIN) before they are appointed as a director of their SMSF; this is actually the same for all new company directors across Australia. To make the process quicker for our team and yourself it makes sense for you to apply for your DIN before or at the same time as when you send your SMSF order form in. The best way to describe a DIN is that it is like a Tax File Number for being a director – you will only ever need one in your life no matter how many companies you have.

You can apply for your DIN using MYGOVID, over the phone with the ATO or with a hardcopy application sent to the ATO. Applying with a paper application will take significantly longer as it can take more than 28 days which is just something to consider. Below is the link on how to apply for your DIN using MYGOVID and the different documents you will need:

<https://www.abrs.gov.au/director-identification-number/apply-director-identification-number>

You can call the ATO at 13 62 50 to apply for your DIN over the phone.

Below is the link to the hardcopy application PDF which you can print out:

https://www.abrs.gov.au/sites/default/files/2022-07/Application_for_a_director_identification_number_for_those_living_outside_Australia.pdf

Please note that each member/director will need to apply for a DIN. Once you have gotten your DIN please add it into the order form where it says "Director ID".

If you have any questions about the DIN application or need any help, please contact Tyler Greenhalgh who will be assisting with your SMSF establishment. His email is tyler@wfscanberra.com.au and he is always welcoming of a phone call at 02 6162 4546.

SMSF Setup Checklist – how it works

Below is the checklist/process that we will go through for you. We have provided the checklist so you can understand the process and see the timeline that comes with the SMSF establishment.

1. Return the order form to us
2. Apply for you DIN. All members will need a DIN and send it through to us. 1 day on MyGov or Phone, 30 days ore more by paper.
3. We create a Company and a SMSF Trust Deed for you in your chosen name. 2-3 days.
4. We Apply for ABN & TFN for the SMSF
5. We all then WAIT for ATO to approve the fund – this can take 28 days or more 😞.
6. The ATO may decide they want to 'audit' or 'interview' you as part of this process and harass you a bit about why you are setting up a SMSF. It is important for you to explain that it is your super and you want to control it yourself. If you are uncomfortable talking to the ATO we can be on the call with you. If the ATO chooses to harass you this will delay the process further.
7. Once approved we will send all establishment pages for you to sign. 2-3 days
8. We then setup a Macquarie bank account for the SMSF. You can choose your own bank account if you wish but it is simpler and quicker if we use Macquarie.
9. We lodge a third-party authority from with your current fund so that we can ask the fund questions about your super and insurances
10. If you have insurances, we will talk to you about whether you want to keep these insurances of close them down. If you want to keep the insurances, we leave a balance in your previous fund to pay for the insurance. An SMSF can also take out insurances for you and we will have a financial planner talk to you about this at a later stage.
11. We request the rollovers from your existing fund to your SMSF bank account 1-2 weeks.
12. Money rolls over into the SMSF bank account 😊
13. You pay our invoice out of the SMSF bank account.
14. SETUP COMPLETE 😊
